CANOPTEK MACROCYTE WARRIOR

APL	MOVE	SAVE	WOUNDS
2	7"	4+	7

Aggressive Defence: If this operative is incapacitated by an enemy operative within 2" of it, before this operative is removed from the killzone, roll one D3: on a 2+, inflict 1 damage on that enemy operative.

Expendable Construct: This operative is ignored for your opponent's kill/elimination op (when it's incapacitated, and when determining your starting number of operatives). It's also ignored for victory conditions and scoring VPs if either require operatives to 'escape', 'survive' or be incapacitated by enemy operatives (if it escapes/survives/is incapacitated, determining how many operatives must escape/survive/be incapacitated, etc.).

A Ceaseless Scuttling: As a **STRATEGIC GAMBIT** in each turning point after the first, if you have less than three non-incapacitated friendly **CANOPTEK CIRCLE WARRIOR** operatives, you can set up another one ready and with a Conceal order wholly within your drop zone (you can select its weapon options as normal).
