**Sagacious:** At the end of this operative's activation, you can change its order.

## UNCOMPROMISING ATTACK — 1AP

Perform a free **Fight** action with this operative, then perform a free **Shoot** action with this operative (or vice versa). This operative can perform that **Shoot** action while within control range of an enemy operative, but if it does, it can and must target an enemy operative within its control range (even if other friendly operatives are within that enemy operative's control range). You can only select an autopistol for that **Shoot** action.
