HUNTER CLADE

FACTION EQUIPMENT

REFRACTOR FIELD

A miniaturised shield generator given to key warriors of the Adeptus Mechanicus, this device projects a barrier of energy that deflects shots and preserves the machine form of the bearer.

Once per turning point, when an operative is shooting a friendly **HUNTER CLADE** operative, at the start of the Roll Defence Dice step, you can use this rule. If you do, worsen the *x* of the Piercing weapon rule by 1 (if any) until the end of that sequence. Note that Piercing 1 would therefore be ignored.
