NAVIS GHEISTSKULL

APL	MOVE	SAVE	WOUNDS
2	8"	5+	5

Machine:

- This operative cannot perform any actions other than **Boost**, **Charge**, **Dash**, **Fall Back** and **Reposition.**
- It cannot retaliate or assist in a fight.
- Whenever determining control of a marker, treat this operative's APL stat as 1 lower. Note this isn't a change to its APL stat, so any changes are cumulative with this.
- Whenever this operative has a Conceal order and is in cover, it cannot be selected as a valid target, taking precedence over all other rules (e.g. Seek, Vantage terrain) except being within 2".

Expendable: This operative is ignored for your opponent's kill/elimination op (when it's incapacitated, and when determining your starting number of operatives). It's also ignored for victory conditions and scoring VPs if either require operatives to 'escape', 'survive' or be incapacitated by enemy operatives (if it escapes/survives/is incapacitated, determining how many operatives must escape/survive/be incapacitated, etc.).

BOOST — 1AP

- The next time this operative performs a **Charge** action during this activation, add 4" to the distance it can move (instead of 2").
- This operative cannot perform this action more than once per battle, and cannot perform it during the first turning point.
