LEGIONARY

FIREFIGHT PLOY

SICKENING CAPTIVATION

Slaanesh bestows upon the loyal the power to nauseate their foes, using dazzling speed, sickening perfumed auras and horrific sonic projections.

Use this firefight ploy during a friendly LEGIONARY **SLAANESH** operative's activation, before or after it performs an action. Select one enemy operative visible to and within 4" of that friendly operative. Until the end of that enemy operative's next activation, subtract 1 from its APL stat.
