NOVITIATE

FIREFIGHT PLOY

GLORIOUS MARTYRDOM

There is no greater honour than to die in service of the Emperor. Such a glorious end provides inspiration to those who witness it.

Use this firefight ploy when a friendly **NOVITIATE** operative is incapacitated, before it's removed from the killzone. For each enemy operative visible to and within 2" of it, you gain 1 Faith point and inflict D3 damage on that enemy operative (roll separately for each).
