DRONE CONTROLLER PATHFINDER

APL	MOVE	SAVE	WOUNDS
2	6"	5+	7

REMOTE PILOT 1AP

- One friendly **PATHFINDER** **DRONE** operative can immediately perform one free action, but it cannot move more than 2" during that action. That action can be one that's normally restricted by its Drone rule (this takes precedence over that rule).

- This operative cannot perform this action while within control range of an enemy operative. This operative can perform this action more than once during its activation, but if it does, the same **DRONE** operative cannot perform the same free action more than once per activation.
