FACTION RULE

OMNI-SCRAMBLER

Backpack-mounted omni-scramblers serve to disrupt enemy communications.

STRATEGIC GAMBIT if a friendly **INFILTRATOR** operative is in the killzone. Select one enemy operative visible to a friendly **INFILTRATOR** operative, or within 6" of a friendly **VOXBREAKER** operative. In the Firefight phase of this turning point, that enemy operative cannot be activated or perform actions until one of the following is true:

- Your opponent has completed the activation of a number of enemy operatives equal to the number of friendly **INFILTRATOR** operatives in the killzone when this **STRATEGIC GAMBIT** was used.
- It's the last enemy operative to be activated.
