CONTINUES ON OTHER SIDE ▶

Other than **BULLGRYN**, **OGRYN** and **SNIPER** operatives, your kill team can only include each operative on this list once.

* You cannot select more than three of these operatives combined. Up to three times, instead of selecting one of these operatives, you can select one **RATLINGS** ploy to cost you 0CP for the battle.

Some **RATLINGS** rules refer to a ‘rifle’. This is a ranged weapon that includes ‘rifle’ in its name, e.g. tankstopper rifle, all profiles of a sniper rifle, etc.
