TOXIC LUNGE 1AP

- Select one enemy operative visible to and within 2" of this operative. If enemy operatives are within control range of this operative, you cannot select an enemy operative that isn't. Alternatively, if this operative is underground, select one enemy operative on your **TUNNEL**. Inflict D3+2 damage on that enemy operative and it gains one of your Poison tokens (if it doesn't already have one).

- This operative can perform this action while underground (this takes precedence over the normal Burrow rules).
