ISSUE MISSION — 0AP

Select one expended friendly **SPECTRE SQUAD** operative (excluding **VOX-RELAY BEACON**) visible to this operative that hasn't interrupted an enemy operative's activation with the Elite Fieldcraft faction rule this turning point. Until the end of the turning point, that friendly operative can do so even though it's expended (taking precedence over the normal rules). However, if it does, it cannot counteract during the turning point, or perform the **Reposition** action if it's already done so this turning point.

This operative cannot perform this action while within control range of an enemy operative.
