SPECTRE SQUAD

FIREFIGHT PLOY

SHARP REACTIONS

These veteran operatives fight in a swift and responsive fashion.

Use this firefight ploy after an enemy operative that has a Conceal order performs an action during its activation, if it's within 8" of a friendly **SPECTRE SQUAD** operative. You can use the Elite Fieldcraft faction rule to interrupt that activation with that friendly **SPECTRE SQUAD** operative regardless of that enemy operative's order (taking precedence over the normal rules).
