VESPID STINGWING
FACTION RULE

NEUTRON CHARGE

Neutron weapons are powered by radioactive crystals from the Vespids' home world. The harmonic thrumming of Vespids' wings resonates within the crystals to charge them. When unleashed, even heavy combat armour can barely protect against this atom-stripping energy charge.

Neutron weapons are any weapons that have the word 'neutron' in their name, e.g. neutron blaster, neutron grenade launcher, etc. Whenever a friendly **VESPID STINGWING** operative moves or uses **FLY**, its neutron weapons have the Piercing 1 weapon rule until the end of the turning point.
