XV26 NEUTRALISER

APL	MOVE	SAVE	WOUNDS
3	6"	3+	12

Multispectrum Sensor Package: SUPPORT. Once per turning point, when your opponent would activate an enemy operative within 8" of this operative, you can use this rule. If you do, each friendly **XV26 STEALTH BATTLESUIT** operative within 3" of this operative can immediately do one of the following:

- Perform a free **Dash** action (in an order of your choice).
- Change its order.

Each friendly operative that performs the **Dash** action cannot end that move within 3" of an enemy operative. Note that a Comms Device from universal equipment only affects the second distance of this rule.

SYSTEM JAM 1/2AP

Select one enemy operative visible to this operative. Until the end of that operative's next activation, subtract 1 from its APL stat. Whenever this operative has a Conceal order, you must spend 1 additional AP to perform this action.

This operative cannot perform this action while within control range of an enemy operative.
