BROOD BROTHER

FACTION EQUIPMENT

COVERT GUISES

Brood Brothers are able to pass as Human long enough to close upon their unsuspecting enemies.

After revealing this equipment option, roll one D3. As a **STRATEGIC GAMBIT** in the first turning point, a number of friendly **BROOD BROTHER BROODGUARD** operatives equal to the result that are wholly within your drop zone can immediately perform a free **Reposition** action, but must end that move wholly within 3" of your drop zone.
