CELESTIAN INSIDIANT

FIREFIGHT PLOY

FAITH & FURY

Divine rage empowers these warriors to cleave through multiple foes.

Use this firefight ploy when a friendly **CELESTIAN INSIDIANT** operative is fighting and you strike the enemy operative in that sequence with a critical success. After resolving that strike, also inflict D3 damage on each other enemy operative visible to and within 2" of that friendly operative in an order of your choice (roll separately for each). Note that the friendly operative would become **INSPIRING** if any enemy operatives with a Wounds stat of 6 or more are incapacitated as a result of this damage.
