CHAOS CULT

FIREFIGHT PLOY

ABHORRENT MUTATION

In the midst of battle, when violence and emotion run rampant, the Ruinous Powers bestow upon their underlings their accursed gifts.

Use this firefight ploy when a friendly **CHAOS CULT** operative (excluding **DARK COMMUNE**) is activated. Select an **ACCURSED GIFT** for that operative to gain. This is in addition to any **ACCURSED GIFTS** it already has. Each friendly operative cannot be selected for this ploy more than once per battle, and if that operative turns into a different one (see Mutation faction rule), it still has that **ACCURSED GIFT**.
