CHAOS CULT

STRATEGY PLOY

CREATURES OF NIGHTMARE

The twisted and unnatural forms of these accursed monstrosities inspire abject terror.

Whenever determining control of a marker, treat the total APL stat of enemy operatives that contest it as 1 lower if at least one of those enemy operatives is within 2" of friendly **CHAOS CULT** **MUTANT** or **CHAOS CULT** **TORMENT** operatives. Note this isn't a change to the APL stat, so any changes are cumulative with this.
