DEATHWATCH

FIREFIGHT PLOY

SUFFER NOT THE ALIEN

Every tool at their disposal, every scrap of knowledge, is sharpened upon the whetstone of the Deathwatch's hatred of the alien.

Use this firefight ploy after rolling your attack dice for a friendly DEATHWATCH operative, if it's shooting against, fighting against, or retaliating against an operative that doesn't have the **CHAOS** or **IMPERIUM** keyword. You can re-roll any of your attack dice.
