EXACTION SQUAD

FIREFIGHT PLOY

EXACT PUNISHMENT

To strike against an Arbitrator is an offence punishable by immediate termination.

Use this firefight ploy after an enemy operative shoots against or fights against a friendly EXACTION SQUAD operative within 6" of it, and that friendly operative isn't incapacitated as a result. That friendly operative can immediately perform either a free **Shoot** or a free **Fight** action, but you cannot select any other enemy operative as a valid target or to fight against during that action (note that secondary targets from the Blast weapon rule can still be targeted).
