***Tactual Hunter:** Whenever this operative is fighting with this weapon against an expended operative, the first time you strike with a critical success during that sequence, you can immediately resolve another of your successes as a strike (before your opponent).

Berserker: This operative cannot perform the **Shoot** action (other than **Guard**, but cannot then perform a free **Shoot** action during the interruption). You must spend 1 additional AP for this operative to perform the **Pick Up Marker** and mission actions (excluding **Breach** and **Operate Hatch**).

Savage: The first time this operative performs the **Fight** action during each of its activations, if it isn't incapacitated, it can immediately perform a free **Fight** action afterwards (you don't have to select the same enemy operative to fight against). This takes precedence over action restrictions, and you cannot use the Ruthless Rampage firefight ploy between those two **Fight** actions.
