***Ritual:** Whenever this operative is using this weapon, the first time you inflict damage on an operative within its control range during that sequence, you can increase this operative's **GORE TANK**. Note this is cumulative with the normal rules for increasing its **GORE TANK** (i.e. if it incapacitates an operative within its control range).

TRANSFUSION RITUAL 1AP

- Decrease this operative's **GORE TANK**. Instead of using a **SANGUAVITAE** rule, you can increase the **GORE TANK** of one other friendly **GOREMONGER** operative within 8" of this operative.
- This operative cannot perform this action while within control range of an enemy operative, or if its **GORE TANK** is empty.
