	Fleshskewer (stab)	4	3+	3/4	-

***Drag:** Whenever this operative is shooting with this weapon, at the start of the Resolve Attack Dice step (before inflicting damage), you can move the target up to *x*". *X* is your total number of successful unblocked attack dice, multiplied by 2. The target must be moved to a location it can be placed as close as possible to this operative, determined by the *x*" you choose to use. The move must be done in one or more straight-line increments, and increments are always rounded up to the nearest inch. Whenever the target is dropping during that move, ignore the vertical distance. Then you can discard any of your successful unblocked attack dice (in other words, you can choose not to inflict damage with any number of them).
