HERNKYN YAEGIR

FIREFIGHT PLOY

BONDS THAT BIND

Squads of Hernkyn Yaegirs are exceptionally close-knit and operate with instinctive coordination.

Use this firefight ploy when a friendly **HERNKYN YAEGIR** operative is activated. Select one other ready friendly **HERNKYN YAEGIR** operative visible to and within 3" of that operative. When that first friendly operative is expended, you can activate that other friendly operative before your opponent activates. When that other operative is expended, your opponent then activates as normal.

Neither operative can be a **BOMBAST** operative if its Wroughtlock Negotiation **STRATEGIC GAMBIT** has been used this turning point.
