IMPERIAL NAVY BREACHER

STRATEGY PLOY

ATTACK ORDER

When directed to assault a designated position, Imperial Navy Breachers achieve their goal through coordination and determination.

Place your Attack Order marker in the killzone. Whenever a friendly **IMPERIAL NAVY BREACHER** operative within 3" of that marker is shooting, fighting or retaliating, its weapons have the Ceaseless weapon rule. In the Ready step of the next Strategy phase, remove that marker. You cannot use this ploy and the Defence Order strategy ploy during the same Strategy phase.
