LEGIONARY

STRATEGY PLOY

IMPLACABLE

Empowered by their transhuman might and the gifts of their daemonic patrons, Legionaries are monstrously resilient.

Whenever an operative is shooting a friendly **LEGIONARY** operative, weapons with the Piercing 1 weapon rule have the Piercing Crits 1 weapon rule instead.

You can ignore any changes to the stats of friendly **LEGIONARY** **NURGLE** operatives from being injured (including their weapons' stats).
