NEMESIS CLAW

FIREFIGHT PLOY

VOX SCREAM

By modulating the frequency of their helm-mounted vox-units, Night Lord operatives can unleash a terrifying scream with the ability to stun an opponent.

Use this firefight ploy when your opponent would activate an enemy operative that's visible to a friendly NEMESIS CLAW operative. Roll one D6; if the result is higher than that enemy operative's APL stat, your opponent cannot activate it during this activation; if the result is less than or equal to that enemy operative's APL stat, this ploy isn't used, the CP spent on it is refunded and you cannot use this ploy again during this turning point. If there are no other enemy operatives eligible to be activated, this ploy has no effect.
