NOVITIATE

FIREFIGHT PLOY

BLINDING AURA

Faith defies explanation. The most devout and righteous Sisters are said to manifest dazzling halos of light that blind the faithless.

Use this firefight ploy when an enemy operative is performing the **Shoot** action and selects a friendly NOVITIATE operative as the valid target. Until the end of that activation/counteraction, while that friendly operative is more than 2" from that enemy operative, your opponent cannot select it as a valid target. If there are no other valid targets that your opponent can select, that action ends (it's not cancelled, so that operative has still performed it). Note this ploy has no effect if it's not the selected operative, e.g. if it's a secondary target from the Blast weapon rule.
