NOVITIATE

STRATEGY PLOY

DEFENDERS OF THE FAITH

All who aspire to join the ranks of the Orders Militant must endure trials of suffering. Faith lends these warriors great resilience.

Whenever an operative is shooting against, fighting against or retaliating against a friendly **NOVITIATE** operative that contests an objective marker, in the Resolve Attack Dice step of that sequence, you can halve the damage inflicted (rounding up and to a minimum of 2) on that friendly operative from one success.
