OPTICS 1AP

- Until the start of this operative's next activation, whenever it's shooting, enemy operatives cannot be obscured and the stationary profile of this operative's suppressed sniper rifle has the Lethal 5+ weapon rule.
- This operative cannot perform this action while within control range of an enemy operative.

Evade: Once per turning point, after an enemy operative performs an action, you can interrupt and perform a free **Dash** action with this operative. Note this operative cannot use the Scarper faction rule (it has this rule instead).
