

HEARTHKYN SALVAGER

FACTION EQUIPMENT

CLIMBING RIGS

This climbing gear allows pioneering Hearthkyn Salvagers to traverse any difficult terrain they may encounter during the course of their duty.

During each friendly **HEARTHKYN SALVAGER ** operative's activation, you can do one of the following:

- When that operative is climbing up, you can treat the vertical distance as 2" (regardless of how far the operative actually moves vertically).
- When that operative is dropping, ignore the vertical distance.
