

HERNKYN YAEIRO FACTION EQUIPMENT

KV-CERAMIDE UNDERSUIT

Hernkyn Yaegirs ordinarily wear only light armour. These thin but resilient semi-ceramic undersuits provide the wearer with an additional layer of protection.

Whenever an operative is shooting a friendly **HERNKYN YAEIRO**  operative, if the ranged weapon in that sequence has the Blast or Torrent weapon rule, you can re-roll one of your defence dice. In addition, friendly **HERNKYN YAEIRO**  operatives aren't affected by the x" Devastating x weapon rule (i.e. Devastating with a distance) unless they are the target during that sequence.
