## FIREFIGHT PLOY

### ABHORRENT MUTATION

In the midst of battle, when violence and emotion run rampant, the Ruinous Powers bestow upon their underlings their accursed gifts.

Use this firefight ploy when a friendly **CHAOS CULT**  operative (excluding **DARK COMMUNE**) is activated. Select an **ACCURSED GIFT** for that operative to gain. This is in addition to any **ACCURSED GIFTS** it already has. Each friendly operative cannot be selected for this ploy more than once per battle, and if that operative turns into a different one (see Mutation faction rule), it still has that **ACCURSED GIFT**.
