

# LEGIONARY FIREFIGHT PLOY

## SICKENING CAPTIVATION

Slaanesh bestows upon the loyal the power to nauseate their foes, using dazzling speed, sickening perfumed auras and horrific sonic projections.

Use this firefight ploy during a friendly **LEGIONARY ** **SLAANESH** operative's activation, before or after it performs an action. Select one enemy operative visible to and within 4" of that friendly operative. Until the end of that enemy operative's next activation, subtract 1 from its APL stat.
