***Dimensional Banishment:** After this operative uses this weapon, if you inflicted damage or retained any critical successes, if the target wasn't incapacitated, roll 2D6: if the result is higher than the target's remaining wounds, the target is incapacitated (taking precedence over rules that prevent incapacitation, e.g. Medic!, **FELGOR RAVAGER** 🧠 Frenzy) and your opponent cannot place a Reanimation marker (**HIEROTEK CIRCLE** 🧠) for that operative, if relevant.

Weapon Sentinel: Whenever your opponent is selecting a valid target, if this operative has a Conceal order, it cannot use Light terrain for cover. While this can allow this operative to be targeted (assuming it's visible), it doesn't remove its cover save (if any).

Steadfast: Whenever determining control of a marker, you can treat this operative's APL stat as 3. If you do, this takes precedence over all other rules, meaning any changes to its APL stat are ignored for this.
