

BLADES OF KHAINE

FACTION RULE

HOWLING BANSHEE ASPECT TECHNIQUE

ACROBATIC

When Howling Banshees traverse the battlefield, little slows them down. With effortless grace they leap and flip over intervening obstacles, landing with peerless poise and balance to drive their blades into the foe.

Use this **ASPECT TECHNIQUE** when a friendly **HOWLING BANSHEE** operative performs an action in which it moves. Until the end of the action, that operative:

- Can ignore all vertical distances whenever it drops and climbs.
- Can move through enemy operatives, move within control range of them, and during the **Charge** action can leave their control range (it must still end the move following all requirements for that move).
- Cannot move more than its Move stat if it's the **Charge** action.
