

FARSTALKER KINBAND

FACTION EQUIPMENT

TOXIN SHOT

Kroot toxin bullets contain reservoirs of venom extracted from various alien fauna, all of which is incredibly lethal.

Once per turning point, when a friendly **FARSTALKER KINBAND ** operative is performing the **Shoot** action and you select a Kroot rifle, Kroot scattergun or dual Kroot pistols (focused), you can use this rule. If you do, until the end of that action, that weapon has the Lethal 5+ and Stun weapon rules. You cannot use the Piercing Shot and Toxin Shot rule during the same action.
