Combat Drugs: At the end of the Select Operatives step, if this operative is selected for deployment, select one of the following **COMBAT DRUG** rules for friendly **HAND OF THE ARCHON**👹 operatives to have for the battle:

- **Painbringer:** Whenever an attack dice inflicts damage of 3 or more on this operative, roll one D6: on a 6, subtract 1 from that inflicted damage.
- **Adrenalight:** In the Ready step of each Strategy phase, you can select one friendly operative that has this **COMBAT DRUG** to gain one of your Pain tokens.
- **Hypex:** You can ignore any changes to this operative's Move stat from being injured.

RULES CONTINUE ON OTHER SIDE ►

ADMINISTER DRUG

1AP

- ▶ Select one friendly **HAND OF THE ARCHON** 🧟 operative visible to and within 3" of this operative, then select one of the following for that friendly operative:
- It regains up to 2D3 lost wounds.
 - Select a different **COMBAT DRUG** rule for it to have for the battle (this replaces its previous one).
- ◆ This operative cannot perform this action while within control range of an enemy operative.
