

HEARTHKYN SALVAGER

FIREFIGHT PLOY

ENGAGE TO ACQUIRE

Some prizes must be wrested from the foe by force. The necessity of violent acquisition incites within the Kin a ruthless determination.

Use this firefight ploy after rolling your attack dice for a friendly **HEARTHKYN SALVAGER**  operative, if it's shooting against or fighting against an enemy operative that controls an objective marker or one of your mission markers. You can re-roll any of your attack dice.
