Markerlight: Whenever an enemy operative is a valid target for this operative, or is visible to this operative and within 2" of your Ambush marker (see Prepare Ambush strategy ploy), it's marked. Whenever a friendly **XV26 STEALTH BATTLESUIT** operative is shooting an operative that's marked, that friendly operative's ranged weapons have the Severe weapon rule. Note that an operative can be a valid target for this operative even if this operative isn't the active operative.
