Second in Command: If a friendly **WATCHMASTER** operative is incapacitated and removed from the killzone, you can use this rule. If you do, until the end of the battle, this operative can issue a **GUARDSMAN ORDER** as a **STRATEGIC GAMBIT** (even though it's not a **WATCHMASTER** operative).

Directive: Whenever this operative is activated, if you haven't used the Second in Command rule during the battle, you can select one other ready friendly **DEATH KORPS** operative visible to and within 6" of it. When this operative is expended, activate that other friendly operative before your opponent activates (if that operative is a **TROOPER**, ignore its Group Activation rule).
