

# FARSTALKER KINBAND

## FACTION EQUIPMENT

### MEAT

Kroot physiologies are far more resilient than their wiry frames suggest. The ingestion of raw meat only serves to bolster their regenerative abilities.

Once per turning point, when a friendly **FARSTALKER KINBAND** operative (excluding **HOUND**) is activated, if it's not within control range of enemy operatives, you can use this rule. If you do, that friendly operative regains up to D3+1 lost wounds.
