

MANDRAKE💀

FACTION EQUIPMENT

SHADOW GLYPH

Etched into the inky skin of the Mandrake, this glyph glows when activated, causing the creature to fade utterly from sight.

Once per turning point, when a friendly **MANDRAKE**💀 operative is activated **WITHIN SHADOW**, you can use this rule. If you do, until the start of its next activation, while that operative has a Conceal order and is in cover, it cannot be selected as a valid target, taking precedence over all other rules (e.g. Seek, Vantage terrain) except being within 2".
