***Smash:** Whenever you strike, you can move the enemy operative in a straight line increment of up to 1". If you do, it must end the move further away from this operative and in a location it can be placed. Then move this operative in a straight line increment of up to 1", but it must end that move within that enemy operative's control range (if either isn't possible, you cannot move them).

Armoured Up: Whenever an enemy operative is shooting this operative, or this operative is fighting or retaliating, your opponent cannot retain attack dice results of less than 6 as critical successes (e.g. as a result of the Lethal, Rending or Severe weapon rules).
