

HUNTER CLADE👤 FIREFIGHT PLOY

OMNISSIAH'S IMPERATIVE

The most extreme form of doctrina imperative, this protocol pushes an operative's wiring beyond safe limits, providing additional combat power at the cost of burned circuitry and charred flesh.

Use this firefight ploy during a friendly **HUNTER CLADE👤** operative's activation. Alternatively, use it when an enemy operative is shooting a friendly **HUNTER CLADE👤** operative, at the end of the Roll Attack Dice step. Until the Ready step of the next Strategy phase, that friendly operative has an additional rule determined by its current **DOCTRINA IMPERATIVE** as follows:

- **Protector:** This operative's ranged weapons have the Severe weapon rule.
- **Conqueror:** Whenever this operative is fighting, after resolving your first attack dice during that sequence, you can immediately resolve another (before your opponent).
