Defence Tactics: Whenever this operative contests an objective marker or one of your mission markers, or whenever it's shooting an enemy operative that does, this operative's weapons have the Balanced weapon rule.

Exarch: This operative can perform two **Shoot** or two **Fight** actions during its activation.

Shimmershield: Whenever an operative is shooting a friendly **BLADES OF KHAINE** operative that's visible to and within 2" of this operative, ignore the Piercing weapon rule. This operative only has this rule if you select the shimmershield weapon option.
