

ELUCIDIAN STARSTRIDER

STRATEGY PLOY

STAKE CLAIM

When Elucia Vhane stakes her claim upon a prize, the Starstriders will strive to ensure it is delivered into her hands.

Place your Claim marker in the killzone.

Whenever a friendly **ELUCIDIAN STARSTRIDER ** operative is shooting against, fighting against or retaliating against an enemy operative that's within 3" of that marker, in the Roll Attack Dice step, you can retain one of your fails as a normal success instead of discarding it, or retain one of your normal successes as a critical success instead. At the end of the turning point, remove your Claim marker from the killzone.
