Brawler: Whenever this operative is fighting or retaliating:

- Enemy operatives cannot assist.
- If it's incapacitated, you can strike the enemy operative in that sequence with one of your unresolved successes before it's removed from the killzone.
- Normal Dmg of 4 or more inflicts 1 less damage on it.

▶ Select one enemy operative within this operative's control range. You can move that enemy operative up to 3" to a location it can be placed. Then inflict D3+1 damage on it (even if you don't move it); if the D3 result is a 3, also subtract 1 from that enemy operative's APL stat until the end of its next activation. This operative can then immediately perform a free **Charge** action (even if it's already performed the **Charge** action during that activation), but cannot move more than 3" during that action.

◆ This operative cannot perform this action unless an enemy operative is within its control range.
