

# SANCTIFIER

## STRATEGY PLOY

### RALLY THE FLOCK

An orator's voice booms above the thunderous din of combat, drawing the faithful back into formation.

Each friendly **SANCTIFIER**  operative (excluding **ORATOR**) that's benefitting from the **SERMON** can immediately perform a free **Dash** or **Fall Back** action in an order of your choice (choose separately for each and, for the latter, it cannot move more than 3"). Each that does so must end that move closer and visible to (or vice versa) a friendly **ORATOR** operative. You cannot use this ploy during the first turning point.
