Adaptive Equipment: You can do each of the following once per turning point:

- One friendly **SCOUT SQUAD** 🧟 **WARRIOR** operative can perform the **Smoke Grenade** action.
- One friendly **SCOUT SQUAD** 🧟 **WARRIOR** operative can perform the **Stun Grenade** action.

The rules for these actions are found in universal equipment. Performing these actions using this rule doesn't count towards their action limits (i.e. if you also select those grenades from equipment).
